Fall and Spring  
CATALOG

WHOLESALE ONLY

ORDER EARLY

Dear Customer:

We highly appreciate the hundreds of satisfied customers who have been buying from us since we started our business in 1947.

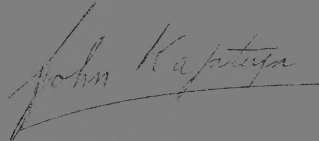

It would have been impossible to build our business without your goodwill.

When we started in 1947 we started as grower and dealer. Between 1949 and 1951 we found that we could give better service and supply better merchandise at better prices to you by being dealers only. To stay in line with this change in the nature of our business we have changed the name of our company from Holland Bulb Growers Inc. to HOLLAND BULB COMPANY INC.

This year we list an increased assortment of Bulbs, Plants and Perennials. The Bulbs are supplied through B.D. Kapteyn & Son, Sassenheim, Holland and through growers in our Mount Vernon area. The Plants come from the very best growers in the Northwest and California and other parts of the U.S. We buy only from the best growers, assuring you the quality you deserve in order to promote your goodwill.

If you are not already a customer, why not send us a trial order NOW.

Sincerely yours,  
HOLLAND BULB COMPANY INC.

John Kapteyn

TERMS of sale:

CREDIT to established accounts

New accounts cash with order, unless order is accompanied with 3 satisfactory trade references. Allow 3-4 weeks so we may check these references.

All accounts NET 30 DAYS, NO DISCOUNT.

This price list cancels all previous quotations.

Prices listed in this catalog subject to change without notice.

\*\*\*\*\*

COLORED LABELS: Of most varieties available upon request for counter display.

Also window streamers and other advertising material.

If interested in being kept informed about promotional material and pictures, ask that your name be placed on the mailing list of: ASSOCIATED BULB GROWERS OF HOLLAND, 29 Broadway, New York, N.Y.

The dates mentioned such as "SEPTEMBER" mean the earliest date bulbs or plants are ready to ship.

\*\*\*PACKAGED BULB LIST SENT UPON REQUEST\*\*\*

9-10"	140	45.00	35.00	4.00

We stock L. Auratum Platyphyllum only because blooming qualities are far superior to L. Auratum.

The first part of the document discusses the importance of maintaining accurate records and the role of the various departments involved. It highlights the need for clear communication and the establishment of a strong foundation for the organization's operations.

In the second section, the author details the specific tasks and responsibilities assigned to each team member. This includes a thorough review of the current status of the project and the identification of any potential risks or challenges that may arise.

The third section focuses on the implementation of the proposed plan. It outlines the steps that need to be taken to ensure that the project is completed on time and within budget. This involves a close collaboration between all stakeholders and a commitment to transparency and accountability.

Finally, the document concludes with a summary of the key findings and recommendations. It emphasizes the importance of ongoing monitoring and evaluation to ensure that the project remains on track and that any necessary adjustments are made in a timely manner.
